* - In future years, requests to the SBRC will come from individual districts rather than their fiscal agent (AEA 267)

A = Separate district-established special education facility which has sufficient population to warrant certified special education administrator
May charge the prorated actual costs of the certified administrator to special education program for resident students and bill for nonresident students

B = Private facility located within district with sufficient special education population that is served by the district
May bill the prorated actual costs of approved administrative costs for nonresident students
