FINAL REPORT

Four years of the program were funded and reports provided to the General Assembly. A major priority for year five of the program was to conduct a systematic evaluation of the program to determine and document effects the Competency-Based Education program had on student learning. Because funding for the fifth year was not appropriated by the General Assembly, the final evaluation of the program was not conducted. The preliminary results and recommendations contained in the Competency-Based Education, [year four legislative report](#) (dated January 15, 2017) provides the most updated information on this program.

This is the final report for the legislatively mandated Competency-Based Education program. This section of Iowa code will be repealed on July 1, 2019.
