

# Surrogate Parent Training Overview

The Surrogate Parent Training has been designed to be offered as either a synchronous or asynchronous learning opportunity with two versions from which to choose—full-length and abbreviated. Depending on the format and version you choose, you will access one of the following links to begin your training:

- [Asynchronous Training materials](#)
- [Synchronous Training materials](#)

## Asynchronous Training

### Materials needed (Full-length or Abbreviated)

- [Recorded webinar](#)
- [Resources document](#)

### Asynchronous Full-length: 60 minutes

This training will be provided to participants via a recorded webinar. Participants will attend the training on their own and in their own time without a facilitator. This format includes the following topics:

- History of the Disability Rights History
- Orientation to Special Education
- Parent Role in Special Education
- Surrogate Parent Overview
- Surrogate Parent Rights & Responsibilities

### Asynchronous Abbreviated: 50 minutes

This training will be provided to participants via a recorded webinar. Participants will attend the training on their own and in their own time without a facilitator. This format includes the following topics:

- Orientation to Special Education
- Parent Role in Special Education
- Surrogate Parent Overview
- Surrogate Parent Rights & Responsibilities

## Synchronous Training

### Materials needed (Full-length or Abbreviated)

- [PowerPoint presentation](#)
- [Training Outline and Teaching Notes](#)
- [Resources document](#)

### Synchronous Full-length: 45–60 minutes

This training will be provided to participants via a live webinar with multiple participants. The facilitator will use the training content provided and will deliver it onsite or virtually. It includes the following topics:

- History of the Disability Rights History
