**Student Reporting in Iowa**  
**Addendum F: Dropout Definitions, 2022-2023**

According to the CCD definition, a dropout is an individual who:

- Was enrolled in a school at some time on or after Count Date 2021 through September 30, 2022.
- Is not enrolled as of Count Day 2022.
- Has not graduate from high school or completed a state- or district-approved education program; and
- Does not meet any of the following exclusionary conditions:
  - Enrolled in another public school, private school, or state- or district- approved education program
  - Temporary absence due to suspension or school-approved illness; or
  - Death

For the purpose of this definition:

1. The school year is the 12-month period of time beginning on Count Day.
2. Dropouts from the previous summer are reported for the year and grade in which they fail to enroll. For example, a student completing 10th grade in 2021-2022, who does not enroll the next year would be reported as an 11th grade dropout.
3. Individuals who are not accounted for on Count Day of the current year are considered dropouts.
4. A school completer is an individual who graduated from high school or completed a state- or district- approved educational program upon receipt of formal recognition of school authorities.

*(the above definition was taken from NCES publication 2011-313)*

*Note: In order to identify a 7-12 student as having transferred to another school, 'a LEA must confirm in writing that the student transferred out, emigrated to another country, or is deceased...To confirm that a student transferred out, the school or LEA must have official written documentation that the student enrolled in another school or in an educational program that culminates in the award of a regular high school diploma' (Part 200 - Title I - Improving the Academic Achievement of the Disadvantaged, 34 CRF Subtitle B, F-1012). If written documentation does not exist, the student must be identified as transferred to unknown, stopped attending no record request, or a dropout.*

The above definitions/qualifications translate into the following for state reporting of dropouts in Iowa:
