

Johnson STEAM Academy Elementary School in CRCSD has had an increased number of staff members absent over the past two weeks. Today, November 9<sup>th</sup>, we have 17 staff out which is 34% of our on-site staff. 35% of those have tested positive for COVID, 29.5% were a close contact and are in quarantine, 29.5% are symptomatic and getting tested / waiting on results, and 6% have a health condition.

We have pulled resources from other buildings for support. Four additional staff members tested positive over this past weekend, November 7-8th. We are seeking two weeks of remote instruction as we are running out of options for subbing and maintaining safe numbers within classroom environments (most classrooms have between 20-24 students currently). By November 25th, the current staff members on 14 day quarantines will be able to return. This will slow the potential community spread within the environment and allow for deep cleaning of the school.

We have been in collaboration and conversations with Linn County Public Health.

See additional attached spreadsheet of significant increase of staff absences since 11/02/20.

We are prepared for remote instruction with all students.
