## SCHOOL ASSOCIATION REPORTING

### BASIS OF REPORTING

School Association Reporting is a requirement of Iowa Code (IC) sections 279.38 and 279.38A. IC 279.38 states, *“each board that pays membership dues to the Iowa association of school boards shall annually report to the local community and to the department of education the amount the board pays in annual dues to the Iowa association of school boards, the amount of any fees paid and revenue or dividend payments received for services the board receives from the association or from any of the association’s affiliated for-profit entities, and the products or services the school district received inclusive with membership in the association.”*

Iowa Code 279.38A requires the same information to be reported from each board that joins and participates in local, regional, and national organizations which directly relate to the functions of the board of directors. These organizations have been identified for reporting purposes.

School districts and area education agencies (AEAs) are required by law to be in compliance with generally accepted accounting principles (GAAP). This requirement applies to this report. All school districts and AEAs shall use 60 days for the cut-off period for revenue recognition and shall use vendor reports from their finance system on a GAAP basis, along with payment and receipt information.

The due date for this electronic report was November 2, 2018, for all school districts and AEAs. Reporting has been separated from the Certified Annual Report (CAR) and is due later in the year in an effort to alleviate school districts and AEAs from additional reporting during peak times.
